- Rain Kleen® Top Surface Treatment
- Available in Solids, Stripes, Continental Stripes, Linen Backed Solids and Complement Solids
- 5 Year Manufacturer's Limited Warranty

A high performance PVC textile engineered for commercial and residential awning and canopies. It is suitable for sewing, welding, digital printing and fabrication by various means. Awnings and canopies fabricated with Coastline Plus® will stay water-proof, tight on the frame and stay inherently fire resistant. With a properly engineered frame support structure, it is suitable for year round snow load and wind load requirements. The patented Rain-Kleen® finish provides a self-cleaning feature reducing care and maintenance responsibility. Coastline Plus® is made in America, and is the ideal PVC composite fabric for awnings and canopies, poolside structures, car shelters, patio covers, walkway coverings, privacy screens, curtains and in-home decorative ceilings, awnings and drapes.
